Good sportsmanship and consideration of other players and the facilities are expected at all times. Please abide by the tennis code of conduct, but the most important thing is to HAVE FUN. Other courtesies are:

- Cross the court at the net and only after play has stopped.
- Avoid entering another court while play is in progress.
- Should your ball land in another player's court, please request that it be returned when play is completed.
- When your court time is over, please leave the court so you aren't holding up the next group.
- Play safely - ensure there are no errant balls on the court before you start a point and immediately inform your partner/opponent of a stray ball in their vicinity. If a stray ball rolls on your court in the process of completing a point and the ball disturbs either your or your opponent, stop play and call a "let". Replay the point.
- Players should call all balls, double bounces or foul shots fairly and honestly.
- No food or glass containers are allowed on the courts.
- Please knock as much clay as possible from your shoes before leaving the courts.
